Absent: Claire Mosdell

There were no questions, as matters of concern covered by Agenda.

15 Minute Public Forum

A resident attended the meeting to raise concerns about road safety and the positioning of speed-limit signage on Combley Road, Havenstreet. The Parish Council has received several reports of vehicles entering the village at excessive speeds, particularly on the western approach where a narrow section of road serves nearby residential and commercial properties. Residents consider the current signage inadequate for encouraging early speed reduction, creating daily risks for pedestrians, cyclists, horse riders, and other road users. Members requested that the Clerk write to Island Roads to outline these concerns and seek a meeting to discuss the issues further. The Parish Council supports these concerns and considers a review of the signage layout both necessary and urgent.

- The Chair reported that on 3 March 2026 he met with Mr Richard Tyldsley, General Manager of Southern Vectis, and noted that it was a positive meeting. Discussions covered the findings of the 2025 Havenstreet Bus Survey, the financial and operational challenges of providing a peak-time or regular service, progress within the BSIP that may enable funding for a trial service, and the practical constraints posed by the low railway bridge and the need for a suitable turning point. Southern Vectis will now begin developing a proposal for a limited trial service during 2026, which would utilise existing resources

and help inform future provision. The full report of the meeting will be added to the Council's website.

- An update was provided by the Chair regarding Cllr Ian Dore's request that Havenstreet and Asheby Parish Council share information about our recent communications with Island Roads concerning Firestone Copse Road. The Chair reported that an emergency road closure had been implemented the previous day, resulting in significant disruption for residents. As the matter falls within Cllr Dore's Ward, he followed up accordingly, and he eventually received some feedback from Island Roads a few days before the road re opened. The Parish Council confirmed that it is happy to support and assist Cllr Dore with any future enquiries or actions related to this matter.
